Notice Regarding a Cyberattack on an Overseas Subsidiary

We have confirmed that Zuken GmbH (hereinafter “ZG”), our consolidated subsidiary in Germany, has been the target of a cyberattack, and we hereby provide the following information.

1. Background of the Incident

On October 23, 2026 (Japan Time), we confirmed that the servers of ZG and its subsidiaries were subjected to a cyberattack by a third party, resulting in disruptions to some systems. Upon confirming the attack, ZG and its subsidiaries immediately took measures to prevent further damage.

2. Current Status

We are currently working with external experts to investigate the extent of the damage. Please note that no cyberattacks have been confirmed against our Group’s offices in Japan, the United Kingdom, the United States, or Asia.

3. Impact on Financial Results

We are currently assessing the impact of this incident on our consolidated financial results. Should any matters requiring disclosure come to light, we will announce them promptly.
